

Chart Audits Are Valuable. What Helps Physicians Participate?

Chart audits offer **deep clinical insights** from real world patient records, helping to illuminate:

Patient management

Treatment decisions

Clinical outcomes

Despite this, interest in participating in chart audits is **limited** among physicians in the **US** and **Canada**.

What are the **key barriers** to completing chart audits?

Addressing these barriers with **targeted solutions** can help minimize challenges and encourage greater participation.

% Proportion of physicians who prefer...

Data based on survey of physicians in the US (n=150) and Canada (n=139) recruited in March 2026. In US, the sample includes n=50 Primary Care Physicians and n=100 Specialists. In Canada, the sample includes n=40 General Practitioners and n=99 Specialists.
